

ICARUS THE RIDE

Presented by Chantal Janssen
Chantal.janssen@spinning.com

OVERVIEW

An epic and spherical ride that takes you into the heights and depths of ancient Greek mythology of Icarus. Ride the story of Icarus, who escapes with the wings made by his father but isn't careful enough and crashes into the sea. Pride comes before a fall. This ride is about dreaming, exploring, escaping, trust and pride. All these Icarus themes are recognizable whenever you ride the Spinner® bike.

OBJECTIVES

Looking for the balance between ambition and physical possibilities. A challenge driven by uplifting music and images.
